

You're Invited to a Discovery Education Workshop

*Lincoln Intermediate Unit 12 and Discovery Education
are pleased to provide an interactive workshop.*

Whether you are new to Discovery Education STREAMING or are an “every day, every lesson” user this workshop will provide area educators with an exciting and enriching afternoon of professional development focused on creative ways to engage 21st century learners using digital media and technology. This session will begin with the basics and will move on to explore a cornucopia of integration strategies for using Discovery Education media to motivate students, engage higher order thinking, support retention and transfer, and achieve curriculum learning goals. See how educators and students are integrating videos, images, audio clips and more into daily learning experiences by looking at samples and learning how to create your own.

Space is limited! Register Today at <http://links.discoveryeducation.com/iu12>

Date

June 20, 2011
